# MANAGELY™

Managely is designed to help you change your outlook on your business so you can focus on proactively driving profitable growth. The solution brings together many business management tools security dealers need in one comprehensive platform, serving as a single source of truth. Get more control over your business and streamline operations, reduce costs, and optimize cashflow.

## LOWER COSTS

Reduce the number of standalone applications and consolidate multiple business functions into one system.

Underutilized software cost businesses in the US and UK an estimated $34 billion per year [1]

## MAXIMIZE EMPLOYEE EFFECTIVENESS

See gains in productivity and empower employees to do more with an easy-to-use interface that puts key tools at their fingertips.

65% of C-suite executives say their teams are frustrated by technology in the workplace [2]

## GAIN GREATER CONTROL

Confidently manage finance, work orders, recurring billing, inventory, customer relationship management, and more from a single source of truth.

82% of businesses that fail do so because of financial management deficiencies [3]

## Designed for the security industry, Managely helps increase productivity, drive profitability and growth.

**Understand Deeply**
Appreciate the drivers of your business performance in a whole new way. Make informed decisions and navigate challenges with better data.

**Your Business. Your Designs.**
Make your software work harder for you. Configure your processes and templates to optimize efficiency and maximize competitive differentiation.

**Reduce Manual Data Entry**
Improve accuracy and efficiency with fewer errors and less staff time spent on transferring data between multiple applications.

**Monitor Technician Performance**
Improve accountability for field-based service personnel, ensure quality work, and drive customer satisfaction.

**Available from Anywhere**
Give employees on-the-go access to tools they need. Use Managely anytime, anywhere you have an internet connection.

"Managely provides security and alarm companies the intuitive insights to help them drive productivity, increase revenue and reduce costs, all in one solution."

**Julie Lichty**
*Senior Vice President of Product Security and Alarm Division, EverCommerce*

# MANAGELY™

Managely distinguishes itself through a comprehensive feature set which gives security and alarm dealers the capabilities they need to drive outstanding business outcomes.

▶ **Comprehensive Recurring Billing Capability**
Invoice generation automation and flexibility, configurable rate increases, and control over presentation of charges.

▶ **Robust Accounting Toolbox**
Industry-leading accounting capabilities drive recurring billing and deliver the strategic information alarm dealers need to stay in control of their business.

▶ **Business Intelligence and Reporting**
Leveraging an integration with Microsoft® PowerBI, you'll get interactive data visualization and fast access to understanding the health of your business.

▶ **Reputation Management**
Collect data on your field service technicians' performance and manage your reputation through an integration with PulseM®.

▶ **Highly Configurable Templates**
Utilize our template engine to configure the presentation of your invoices, credits, statements, and work orders and showcase the personality of your business.

▶ **Field Service Management**
Integrated field service management allows users to more easily schedule and dispatch field service technicians.

▶ **Hosted in the Cloud**
Managely is fully hosted in the cloud, relieving you of the need to manage servers or employ 24/7 IT specialists.

▶ **Best-in-Class Partner Integrations**
Our more open API and preferred partner ecosystem puts the power of choice in your hands.
